

Terms and Conditions of Purchase

Applicable to business transactions with companies, legal entities under public law and special funds under public law.

1. General

Our Terms and Conditions of Purchase apply exclusively; general business terms and conditions of the supplier conflicting with or deviating from our Terms and Conditions of Purchase are only recognized insofar as we expressly agreed to them in writing. Acceptance or payment of goods and services from the supplier (hereinafter referred to as "Products") does not constitute agreement, even if the acceptance or payment is made with knowledge of conflicting or supplementary terms and conditions of contract of the supplier. Similarly, any terms and conditions of contract of the supplier previously agreed upon that conflict with or supplement these Terms and Conditions of Purchase shall no longer be recognized.

2. Conclusion of and Modifications to the Contract

- 2.1. Orders, contracts and order releases as well as modifications and supplements thereto must be placed and made in writing.
- 2.2. Oral agreements of any kind – including subsequent modifications and supplements to our Terms and Conditions of Purchase – must be confirmed by us in writing to become effective.
- 2.3. The written form requirement is also deemed complied with if communications are sent by remote data transmission, telefax or email.
- 2.4. Cost estimates are binding and are not to be compensated unless otherwise expressly agreed.
- 2.5. We are entitled to cancel the order if the supplier does not accept the order within two weeks of receipt thereof.
- 2.6. Order releases within the framework of order and order release planning become binding if the supplier does not object within two working days of receipt thereof.
- 2.7. The Quality Assurance Guideline for Suppliers (QSR, QSV), the Logistics Manual (LRL) and the Delivery and Packaging Specifications of BMTS TECHNOLOGY GmbH & Co. KG (hereinafter referred to as "BMTS") form an integral part of the contract (available at www.bmts-technology.com in the download section)

3. Delivery

- 3.1. Deliveries deviating from our contracts and orders are only admissible if given our prior written approval.
- 3.2. Agreed periods and dates are binding. Punctual compliance with the delivery periods and delivery dates is determined by the date of receipt of the goods by us.

In principle, the delivery condition FCA point of departure applies according to Incoterms 2010.

The supplier shall make the goods available in good time, taking account of the time for loading and shipment to be agreed with the forwarder.

- 3.3. If the supplier is responsible for setup or installation, the supplier shall bear all the necessary incidental costs such as travel expenses, provision of tools and daily allowances.
- 3.4. The provisions of statute shall apply if agreed dates are not met. If the supplier anticipates difficulties with respect to production, the supply of precursor material, compliance with the delivery period or similar circumstances that could interfere with supplier's ability to deliver punctually or to deliver the agreed quality, the supplier must immediately notify our ordering department.
- 3.5. The unconditional acceptance of a delayed delivery or service does not constitute a waiver of claims to which we are entitled due to the delayed delivery or service; this applies pending full payment of the amounts owed by us for the delivery or service in question.
- 3.6. Partial deliveries are inadmissible in principle unless we expressly agreed to them or can reasonably be expected to accept them.
- 3.7. The values established by us during the incoming goods inspection shall determine the quantities, weights and measurements subject to the reservation of different values being proved.
- 3.8. Unless otherwise stipulated in the supplementary conditions

of purchase for the software, BMTS shall together with the delivery receive simple rights of use, unrestricted in terms of time and territory, to use software belonging to the scope of delivery. Our permissible use encompasses, in particular, duplication, loading and running the software. It also encompasses sublicensing, renting and every other form of passing the software on to companies affiliated to us within the meaning of § 15 AktG (Stock Corporation Act).

- 3.9. We also have the right to use such software, including the software documentation, with the agreed performance characteristics and to the extent necessary for the use of the product in accordance with the agreement. We also have the right to make a reasonable number of backup copies, even without explicit agreement.
- 3.10. Software is subject to the BMTS supplementary terms and conditions of purchase for software (can be viewed in the download area of www.bmts-technology.com)
- 3.11. The supplier is obliged to supply BMTS with contract products for use as spare parts on reasonable terms for a period of 15 years after completion of series delivery.

4. Force Majeure

- 4.1. Acts of God, operational disturbances without fault, unrest, governmental measures and other unavoidable events discharge us from our obligation to take punctual delivery for the duration of such event. During such events and for a two week period thereafter we are entitled – notwithstanding our other rights – to withdraw from the contract in whole or in part, provided that such events are not of inconsiderable duration and our requirements are considerably reduced as the goods have to be procured elsewhere as a result thereof.
- 4.2. The provisions set out in paragraph 4.1 will also apply in the case of labor disputes.

5. Advice of Dispatch and Invoice

The details in our orders and order releases shall apply. An invoice showing the invoice number and other allocation references is to be sent in one copy to the respective printed mailing address; the invoice must not be enclosed with the shipments.

6. Pricing and Passing of Risk

If not otherwise agreed, the prices are in accordance with FCA point of departure Incoterms 2010. The supplier shall bear the material risk until the goods are accepted by us or our agent at the place where the goods are to be delivered in accordance.

7. Payment Terms

Unless otherwise agreed, the invoice shall be paid within 90 days without any deduction (for supply from the People's Republic of China: 90 days without any deduction) from the due date of the payment and receipt of both the invoice and the goods or provision of services. Payment is subject to invoice verification.

8. Claims Based on Defects

- 8.1. An examination of the goods is conducted by us at incoming goods only to establish whether there is any obvious damage, in particular transport damage and discrepancies in terms of the identity or quantity of the delivery, except as otherwise agreed with you in a Quality Assurance Agreement. We will give notice of any defects found without undue delay after their discovery. To this extent the supplier waives the objection to delayed notification of defects.
- 8.2. The provisions of statute relating to defects as to quality and defects of title apply except insofar as otherwise provided hereinbelow.
- 8.3. In principle, we have the right to select the type of supplementary performance. The supplier may refuse the type of supplementary performance we selected if it is only possible at disproportionate expense.
- 8.4. In the event that the supplier does not commence rectifying the defect immediately after our request to remedy it, in urgent cases, especially to ward off acute danger or to prevent greater damage, we are entitled to undertake such rectification ourselves or to have it undertaken by a third party at the expense of the supplier.

Terms and Conditions of Purchase

- 8.5. In case of defects of title, the supplier shall also hold us harmless from any third party claims possibly existing, unless the supplier is not accountable for the defect of title.
- 8.6. The limitation period for claims based on defects is 3 years – except in cases of fraudulent misrepresentation – unless the Product has been used in a building construction in accordance with its customary use and caused the defectiveness thereof. The limitation period commences when the Product is delivered (passing of risk).
- 8.7. If the supplier performs its obligation to effect supplementary performance by supplying a substitute product, the statute of limitations of the goods delivered in substitution shall start to run anew after delivery thereof unless, when effecting the supplementary performance, the supplier explicitly and appropriately made the reservation that the substitute delivery was effected purely as good will, to avoid disputes or in the interests of continuation of the delivery relationship.
- 8.8. Should we incur expenses as a result of the defective delivery of the Product, in particular transport, carriage, labor costs, costs of material or costs of incoming goods control exceeding the normal scope of the control, such costs shall be borne by the supplier.
- 8.9. The supplier is accountable for the fault of its sub-suppliers as it is for its own faults.

9. Product Liability and Recall

- 9.1. In the event a product liability claim is asserted against us, the supplier is obliged to hold us harmless from such claims if and to the extent the damage was caused by a defect in the Product supplied by the supplier. In cases of liability based on fault, this only applies, however, if the supplier is at fault. Insofar as the cause of the damage falls within the area of responsibility of the supplier, the supplier must prove that he is not at fault.
- 9.2. In the cases of paragraph 9.1 above, the supplier assumes all costs and expenses, including the costs of any legal action.
- 9.3. In all other respects the provisions of statute shall apply.
- 9.4. Prior to any recall action which is partially or wholly due to a defect in a Product supplied by the supplier, we shall notify the supplier, give the supplier the opportunity to collaborate and discuss with the supplier the efficient conduct of the recall action, unless no notification of or collaboration by the supplier is possible on account of the particular urgency. The costs of the recall action shall be borne by the supplier insofar as a recall action is due to a defect in a Product supplied by the supplier.

10. Withdrawal and termination rights

- 10.1. In addition to the statutory rights of rescission we have the right to withdraw from the contract, if there is or threatens to be a fundamental deterioration to the financial circumstances of the supplier and as a result of this the performance of a supply obligation to us is in jeopardy.

- 10.4. If the supplier rendered partial performance, then we are only entitled to withdraw from the entire contract if we have no interest in partial performance.
- 10.5. If we withdraw from or terminate the contract by virtue of the foregoing contractual rescission rights or respective termination rights, the supplier shall compensate us for the loss or damage incurred as a result, unless the supplier was not responsible for the rights arising to withdraw from or

terminate the contract.
